INSPECTION STATION AT

NEWARK
20 Hartford St

MON. TO FRI.—8:30 A.M. TO 5 P.M.
SATURDAYS —8:30 A.M. TO 4 P.M.

In less official language, the Department of Motor Vehicles requests your cooperation in the big job of inspecting over a million motor vehicles by having your vehicle inspected and approved now. Your vehicle and its inspection record are in the quota assigned to the station mentioned but any station will handle your vehicle at this time if there is a good reason for the change.

Any change in the original registration such as a transfer, the issuance of duplicate plates, etc., results in the mailing of an inspection notice; because, even if the vehicle has been inspected and approved for this inspection period, an official endorsement and the new registration number have to be put on the windshield sticker at the inspection station. There is no charge for such an endorsement.

If you are unable to comply with the motor vehicle inspection law, you are requested to surrender the registration card and license plates at the nearest motor vehicle inspection station. Such voluntary surrenders are received without prejudice and will be returned upon written request to Trenton when you are ready to comply with the law.

Report any change of address to Trenton; but, if any other correspondence becomes necessary, please address the station and give your registration number as a reference.
